

Frank Passafiume's voicemail box is full now. I am going to assume it's because his and Fonda Kubiak's rumored "716FEDS" private firm rumored to be coming to Ellicottville is seeing a lot of demand. The Wenkeville reunion, held outside Portville since 1954 with hundreds of people in attendance as NY state's largest family reunion since the 1980s, looks forward to having Frank and Fonda's 716FEDS firm's help becoming Post Office sponsored public lands. My father Kevin is also excited.

I was not allowed to file a grievance at this jail about [enemy inmate] leaving and potentially passing through Cattaraugus County as he said he would. "This is not our problem" I was told, Officer Martin thought it was funny to walk past my room that night and refuse to shut off the room's lights. [enemy inmate] passing through Cattaraugus County was "not their problem" but getting him Suboxone clearly was their problem. I shouldn't then be singled out for filing a grievance over that concern by having Officer Martin refuse to shut my light off at night. Jon DeJesus was a corrections officer aged 46 who raped a female inmate; he just left this place to start his 10 years on probation. Corrections officers these days, let me tell you. I even met Joe Chojnacki at Allenwood; a former corrections officer who went chemo. Carl Paladino wrote a letter to Joe's judge for him, and Joe told me he's been with both Carl and my first cousin twice removed Paul Kenyon at that Haunted Hinsdale House out on McMahan Rd. of Hinsdale, as have I. Digital footprint evidence out there of Carl and Paul and Angel and Katie and myself being familiar with each other for years.

So yeah, back to Orleans County Jail. All the inmates seem to somehow know I send letters right to this court. Who told the entire inmate population here I do that? Hopefully someone here isn't opening my mail and putting it in a new letter to the court to turn private statements of mine to other people I know out there into official statements to court. I know that I just sent a nice picture to Frank and Fonda illustrating our need to prevent "interplanetary threats" from ever becoming an 18 USCS criminal code conviction. Hopefully Officer Martin doesn't reshuffle my mail and send all of my things to this court right after he walks by my room at night refusing to shut off the light. All kinds of highly classified information I am sending out to Frank and Fonda.

only meant for their attorney client privilege WTF EDs impairing private firm eyes.

Ashbury/Ashberry sympathizes with inmates across from me who complain about their being a lack of one tablet per inmate. The phone app on the tablets doesn't even work.

Boy golly gee whiz I am a just a wee lil' 32 year old Polack but it sure sounds like things are much worse than the Iranian Hostage Crisis out there these days. Evangelicals went from Jimmy Carter to Ronald Reagan back in those days. Once you put the woke left of the 21st century into jail after they went Antifa on everything they start snitching on each other and taking a 180 from their former woke left ways by calling each other faggots and niggers if they don't want Donald Trump back. Kekistan. Meme War veterans are just domestic hostages these days.

What's Steve Pigeon the former Erie County Democratic Chairman doing these days? He became one of the Epsteins. Monkey see monkey do. A former Libertarian county chairman out there took John McAfee a little bit too seriously, I heard. We need to make my cousin Paul Kenyon's digital footprint documented friend Carl Paladino the U.S. Ambassador to Brazil when Donald Trump comes back. Instead of logging the rainforest, Brazil could be applying it's very low minimum wage to making child sized sex robots for Stae Pigeon.

I miss my Grama Giardini. She was the Justice of the Peace for the Town of Carrollton, NY who then became a Cuomo nursing home victim. We need to replace Memorial Day with Judges Day in honor of Italian-American judges like her. I'm sure judges these days are sick of convicting former military veterans and police officers because I know there's been a lot.

No Korean or Vietnam War Veteran became a White House occupant. Now I'm thinking about that 71 year old Vietnam War veteran who got 10 years for being at the Capitol Riot last I remember reading.

Is "Luke Wenke's handwriting" an option on Microsoft Word yet? Katie works from home on her laptop for [Victim-1]. Maybe Microsoft Word is paying her under the table to do computer programming work. - Luke Wenke
